

INVITATION TO THE WEC 2023

The **Czech Association of Scientific and Technical Societies (CSVTS)** in cooperation with the **World Federation of Engineering Organizations (WFEO)** is organizing the **7th World Engineers Convention WEC 2023** which will take place in Prague, the capital of the Czech Republic, between 9- 15 October 2023.

The Czech Republic is a friendly country with a long tradition of science and engineering which has significantly contributed to humanities wisdom and knowledge. We cordially invite all engineers, academics, global thought leaders, educators, students, industry influencers, and professionals from all over the world to share their latest knowledge, research, and experience so that we can present the latest achievements from the engineering world at this magnificent event.

REASONS

WHY VISIT WEC 2023:

Invest in yourself, invest in **your future**

Unlock a world **of learning, science and exchange**

Interact with world leading **experts & influencers** face to face

The very best combination of **industry insight and networking**

Expand your knowledge base and find **unique solutions** to issues

Impress your colleagues

Present **your ideas** and yourself

Taste Czech specialties and **visit beautiful Prague!**

Perfect **your presentation and communication skills**

Visit plenary lectures summarizing the very **latest discoveries** from the industry

WEC 2023 7TH WORLD ENGINEERS CONVENTION

WEC 2023 KEY TOPICS

1. New Solutions for Energy
2. Smart Cities, Concept of Urbanization
3. Engineering Approach to Environment Protection
4. Engineering Education and Continuing Professional Development
5. Green Transport
6. Safe Digital World
7. Innovative Technologies in Industry
8. Engineering in Health Care
9. Food and Fresh Water Supply
10. Natural and Industrial Disasters Prevention
11. Climate Change Mitigation and Adaptation
12. From the Earth to the Universe
13. Young Engineers Forum
14. Women in Science and Engineering
